audiosurf 2 demo not working. audiosurf 2 demo song of the day. audiosurf 2 demo how to play. audiosurf 2 demo

It's a literal preview of the menu. That's all. That's what this demo is. It's pretty pathetic. You thought there was actual gameplay? At least one song? Nah, too greedy for this. And from what I understood from the actual game's negative reviews, this is a no-no.. Demo does not work.. it dose not even let me do one sond this is f .u .c .k .i .n .g r e t a r d e d how do i delete it. Not really working out for me. Trying the demo is the game giving you the restriction of ONLY being able to play the game using the Song of the Day. If there's currently no Song of the Day, then have fun either staring at the main menu, or deciding on whether or not you're gonna buy the full game.. Can't play music on the demo, why should i expect the full game to work? I really wanted to like and buy the game, but the demo through me off.
